Prevent Falls in Your Home

Changes you can make around the house to help keep you safe

Stairs:
- Place rails on both sides of stair-well
- Use bright colored tape on edge of stairs
- Use non-slip cushion mats at bottom of stair-well
- Make sure stair-well has enough light

Other things to remember:

Lighting – Keep it bright. Turn on lights so you can see where you are going.

Grab bars – Use these to help you get up and balance as needed.

Foot wear – Wear shoes with rubber soles. Do not walk around in socks or slippers.

Bathroom:
- Install grab bars in bathroom

Other areas of the house:
- Tape down or get rid of throw rugs
